

## OPTIMAS® MINI SCREED

**Minimizing manual labour, the Optimas® manual screed is the ideal tool to prepare a paver surface.**

The stable and well-designed construction permits the perfect levelling of the fine screed (sand, chips or similar substrates) up to a width of 5 meters (16' 4 7/8"). This enables you to construct a paver bed in one step that is true to the line in both height and profile.

With its simple operation, high efficiency and comparatively low cost, the Optimas® manual screed belongs on every building site. Its bucket shape and pulling points have been designed to enable a light-weight design which does not lift up when screeding. The continuously-adjustable modular design of the manual screed makes it the innovative alternative to the telescope principle, which has never convinced in practice.

The Optimas® manual screed with level bars is multi-functional and flexible and can be used for paths, parking spaces and drive entries.

### Advantages:

- The modular design provides a continuously-adjustable working width of 9 7/8" to 17' 3/4".
- Articulated side flaps make for clean levelling up to the edge.
- Levelling via Optimas level bars with plug system or curb or gutter stones.
- Continuous height adjustment on both sides.
- "Bucket design" makes for a large holding capacity.
- Its bucket shape and pulling points have been designed to enable a light-weight design which does not lift up when drawn.
- Quick and easy change and fitting of various intermediate parts.
- Hardened and sharpened spring steel blade.
- Modular design saves space during transport and storage.

### Specifications

Working width:	Meters: 0.25 - 5.20
	Feet: 9 7/8" - 17 3/4"
Set consisting of 5 parts:	Meters: 1.66, 1.33, 1.00, 0.66, 0.20
	Feet: 65 3/8", 52 3/8", 39 3/8", 26", 7 7/8"
Running Gear:	1 pair of easy-running plastic rollers, variable side flaps and continuous height adjustment
Level Bars:	Meters: 20 (6 x 3 and 2 x 1)
	Feet: 65' 7 3/8" (6 x 9' 10 1/8" and 2 x 3' 3 3/8")
	Additional 40m and 60m Screed Rails can be purchased separately
Pull Grips:	2
